

MW STHLM B2B Documentation Pack - Public Example

Purpose

This public proof sheet shows the documentation MW STHLM prepares for Swedish B2B matcha buyers. Actual certificate copies, laboratory reports and origin declarations are shared in the quote or order process for the selected matcha.

Included in an order dialogue

- EU Organic certificate copy or certificate reference for the relevant certified matcha.
- Product specification with origin, grade, intended use, storage and shelf-life guidance.
- Analysis summary with sensory profile, origin note and QA status.
- Allergen and ingredient statement for internal quality review.
- Invoice and packing list with clear B2B pricing, freight and VAT logic.

Swedish buyer notes

- Quotes can be prepared in SEK or EUR.
- Prices are normally shown excluding VAT for B2B buyers.
- Japanese origin, certificate scope and analysis details are confirmed for the selected matcha before order.
- Cafe buyers should compare cost per serving, not only price per kg.

Verification

This is not a legal certificate. It is a public preview of the document pack structure. Request current certificates and product-specific files before purchase.
